Red Bloc At U.N. Mounts Swift Counterattack To Offset Macmillan Talk

By RELMAN MORIN

UNITED NATIONS, N.Y. (AP)—The Communist bloc mounted a swift counterattack today against British Prime Minister Harold Macmillan's hard-hitting address while the U.N. still buzzed with shock over Soviet Premier Nikita Khrushchev's heckling of the Western leader.

Poland's Communist chief, Wladyslaw Gomulka, unexpectedly took the stage as the General Assembly resumed its debate and accused Macmillan of supporting a militarist West German policy which he said had designs on Poland's territory.

Gomulka spoke under the Assembly's "right of reply" procedure.

NBODY BUDGES

Macmillan had defended West Germany Thursday against Soviet charges that it harbors militarist aims. The British speech had moved the Soviet premier to violent outbursts of table-thumping protest.

Macmillan met later more than two hours with Khrushchev and neither leader budged an inch from his stated positions on outstanding issues. But Macmillan abruptly canceled plans to go home, deciding to remain an extra week to await a possible return call from Khrushchev. He is expected also to report to President Eisenhower on his talks.

Gomulka pitched his counterattack entirely to charges against Chancellor Konrad Adenauer's West German regime, which he said is asking "again for equality in arms."

NOTED LINCOLN SCULPTOR HERE DID WOOLSON GAR STATUE

Dr. Avard Fairbanks, resident sculptor and consultant in fine arts at the University of Utah, Salt Lake City, the sculptor who probably has done more statues of Abraham Lincoln (more than 25) than any other sculptor in the world, visited in Gettysburg Thursday and today. He is enroute home from Italy where he carved three Lincoln heads in marble, one to be placed in Geneva, Switzerland. He also visited Jerusalem where he is to do an heroic statue of Christ. Dr. Fairbanks did the statue of Albert Woolson, Duluth, Minn., the last surviving member of the GAR who died several years ago. It stands in Ziegler's Grove, on the Battlefield.

The veteran sculptor is interested in doing a statue of Lincoln for Gettysburg. He said that such a statue would be "the greatest climax to my association with the life of Lincoln in marble and bronze."

NEW SALEM STATUE

One of the finest is a huge heroic statue depicting Lincoln at the critical moment in his life when he lay down the ax of the frontiersman and turned to the law book. It stands at the top of a hill in the New Salem State Park near the entrance to the reconstructed village. It was presented to the state by the Sons of Utah Pioneers in 1954.

Another Lincoln statue by Fairbanks stands on the Ewa Plantation School, 10 miles north of Pearl Harbor as a symbol of courage and patriotism for the youth of that country.

Two of the Utah sculptor's statues are in Statuary Hall, Washington. One is of Esther Morris, the Wyoming woman who campaigned for the Bill of Rights for Women in the Wyoming legislature.

One of the finest tributes to Dr. Fairbanks' work on Lincoln came this year when Governor and Mrs. William G. Stratton, of Illinois, presented "a souvenir portfolio of prints of Abraham Lincoln sculpture by Dr. Avard Fairbanks" to the delegates and guests of the 1960 Republican National Convention. Each print is 9 x 12 inches.

Dr. Fairbanks plans to return to Gettysburg for the November 19th observance of Lincoln's Gettysburg Address.

IKE SPEAKS FOR PEACE AND FREEDOM

CHICAGO (AP) — President Eisenhower said today the free people must not give up hope that persons living under tyrannical dictatorships ultimately will have the right to decide their fate by free vote.

The President spoke to the Polish American Congress after delivering his first full-fledged speech of the presidential campaign Thursday night. In that address he said the country wants leadership from a trained team, not leadership "that sees only dark continents of despair" in American life.

His political speech was a plug for the candidacy of the Republican presidential and vice presidential candidates, Richard M. Nixon and Henry Cabot Lodge.

The President also touched on politics today in his speech to the Polish American Congress. He urged citizens to join in a move to get their neighbors to register and vote Nov. 8.

The congress, which says it represents seven million Americans of Polish ancestry, was founded in 1944 with the primary aim of counteracting Communist conspiracy at home and Soviet expansion abroad.

"By unity and freedom we must oppose the bloc that makes the individual a plodding animal to the bidding of the state," Eisenhower told cheering delegates.

FREEDOM AND PEACE

The President said freedom and peace, in the long run, are indivisible and that there must be peace for the world or no nation can enjoy it.

He recalled that in 1952 he promised the American people he would do everything that could be done by peaceful means to help those persons held in bondage under dictatorships.

He said one of former President Woodrow Wilson's 14 points for peace was the permanent independence and permanent integrity for Poland.

The people of America and Poland are akin in spirit, he continued. Then he put in a plug for Vice President Nixon, saying:

"This was demonstrated when Vice President Nixon went there a year ago and a quarter of a million people cheered him voluntarily and threw flowers in his path. They were trying to let us know through him that they were sending this message to America—We still believe in freedom."

State To Improve Rt. 34 Intersection

The state Department of Highways has engineers working on plans for reducing the traffic hazards at the intersection of the Gettysburg-Carlisle and the Bendersville-Aspers Rds., according to a letter received by Assemblyman Francis Worley from Secretary of Highways Park H. Martin.

A petition bearing the names of a large number of residents of the Aspers-Bendersville community had been sent to Harrisburg earlier this year and Assemblyman Worley said he had written the department about the intersection on several occasions. The crossing has been the scene of a number of traffic accidents, some of them fatal.

Secretary Martin's letter states that Highway Engineer J. C. Whalen had been directed to proceed with preparation of acceptable plans for the "alleviation" of conditions at this intersection. As promptly as plans can be completed and rights of way acquired, Secretary Martin indicated his department will move to cut down hazards at the busy upper county crossing.

4-Footed Criminal Eludes Policeman

Borough Officer Ray Breighner engaged in an attempt to capture a "criminal" this morning, but failed to apprehend the violator.

On duty at 4 o'clock this morning Breighner saw an unusual sight—a small pig briskly marching south on Baltimore St.

The officer followed and found the piglet seemed to have known the town's alleys. At least he was able to disappear into them from time to time and then return to Baltimore St.

The young "squealer" finally disappeared and the officer gave up the chase.

Apparently the picaresque porker had failed to read the town's ordinance of 1806 which provides that pigs are not allowed to roam at large on the borough's streets. He also was ignoring an ordinance passed many years later banning pigs from the town.

County's Role In U.S. Revolution Memorialized

The part York and Adams Counties' men played in the American Revolution will be memorialized permanently in exhibits placed at the York County Historical Society building.

The special exhibits were completed for the annual state convention of the Sons of the American Revolution being held in York today and Saturday.

Researched, designed and sponsored by the Continental Congress Chapter, Sons of the American Revolution, from York County, the series of exhibits is designed to tell the story of this area's participation in the Revolutionary struggle.

FIRST TO DEFENSE

Adams County at that time was part of York County and the first exhibit shows a volunteer, buckskin garbed, Scotch Irishman rifleman, carrying the Pennsylvania rifle, similar to the volunteers who came from Hunters-town and other sections of Adams County. A York-made example of the Pennsylvania rifle is in the exhibit along with other authentic pieces of the equipment used by the riflemen. The men from this area were the first troops south of New England to go to the defense of Boston and their aim was so accurate and rifles so deadly the British labelled them the "widowmakers." One of the men, Cpl. Walter Cruise, was captured by the British and sent to England to demonstrate why he and his companions were such deadly marksmen.

During the opening days of the Revolution, militia companies were formed here and in other parts of then York County and another exhibit shows the "Brown Mess" musket carried by these units, plus officer's swords, a life, a dispatch case and even a York-printed six dollar bill paid the men for a month's service.

Portions of the exhibits are devoted to Captain Michael Doudel, Lt. Henry Miller, Captain Casper Reinecker, Major John Clark, Col. John Hay and other leaders from this area in the Revolutionary War.

A special exhibit shows the chair, teapot, law book and other relics of James Smith, York County's signer of the Declaration of Independence.

U. S. CAPITAL WAS THERE

This section became a "breadbasket" for the Revolutionary army and both York and Hanover were military supply subdepots. A display shows the food, gunpowder, cannon balls, tar and muskets produced in the area for the Revolution.

Also displayed is a Committee of Safety Musket. They were produced by local gunsmiths along specifications prepared by the Committees of Safety so that parts might be interchangeable. It marked the first time in America that an item was manufactured with interchangeable parts.

A special exhibit is a diorama of the surrender ceremony at Yorktown, Va. Also on display is a model of the first courthouse in York which served as the capital of the U. S. from September, 1777, to June, 1778.

The exhibits may be viewed at the historical society museum at 250 E. Market St., York, Tuesdays through Saturday from 9 a.m. to 5 p.m.

lly of nine children, through her formative years, when she was in very delicate health; to her interview with the Holy Father at the age of 15. She besought him to enter the Carmelite Order of Nuns, which permission was granted. Mrs. Shields cited the daily routine of the Carmelites and quoted from St. Theresa's writings, "My vocation is to love, I love God so much and I want to see Him loved by people for endless time." St. Theresa endured a tubercular condition for many months prior to her death at 24 and was canonized a saint just 28 years after death. She is the patron saint of the entire world and especially of the missions. Her message to us, Mrs. Shields stated, is "no matter how little or how great is the task, if it is done with the love of God, you have learned the secret of her 'little way.'" St. Theresa's parting words to the Carmelite Sisters were, "I am going to spend my Heaven in doing good on Earth."

GUESTS INTRODUCED

Mrs. Shields is diocesan libraries and literature chairman and was introduced to the assembly by Mrs. Marilyn Weaver, McSherrystown; Mrs. Robert Kenworthy, deanery treasurer; Miss Catherine Miller, president of the hostess council; Miss Regina Burke, treasurer of the diocesan council; Miss Margaret Belz, vice president, and Mrs. Paul E. The next open deanery meeting will be held at St. Joseph's Parish, Hanover, on Sunday, November 27.

TIMES COOK WON'T FORGET 'FIELD TRIP

Miss Constance Weiser, home economist at The Gettysburg Times Cooking School, told her audience at the local high school Wednesday evening she "will never forget Gettysburg."

The reason: Carl A. Baum, manager of The Gettysburg Times, arranged for Miss Weiser and her assistant, Miss Mary Metag, to take a guided tour of the Battlefield Wednesday.

Guide Walter Reynolds called for the young women at the Hotel Gettysburg to take them on the tour. Baum had told him to use his car.

They took an auto they thought was Baum's and were at the High Water Mark area when the vehicle ran out of gas. They called a garage to bring gasoline and proceeded on their way.

Meanwhile, Baum discovered his car was still in front of the hotel.

When the trio returned from the tour they learned their vehicle was owned by Varsity Diner proprietor, George F. Grawe, one of the cooperating merchants in the cooking school.

She was convicted four years ago in Los Angeles of fraud against the government in connection with her successive marriages, then totaling eight.

Sleeping Pills Foiled Suicide

NICE, France (AP)—Brigitte Bardot's suicide attempt may have been foiled by the sleeping pills she took.

The film queen was found Wednesday night in a coma from an overdose of sleeping pills and with her wrists slashed. The first doctor to reach her said she apparently was so sleepy from the pills that when she tried to wield the razor blade the cuts were only superficial.

The sexy actress was reported out of danger Thursday night by Dr. Jacques Namin, director of St. Francis Neurological Clinic.

Scribe Tells Of Throes Of History Making At U.N.

Editor's Note—Relman Morin, globe-trotting correspondent of The Associated Press, is at the United Nations, covering the news of its 15th Assembly. Here is a reporter's personal impressions of the way things go at the U. N. these days.

By RELMAN MORIN

UNITED NATIONS, N. Y. (AP)—The smaller squawk box on your desk thunders: "Attention, please! Attention, please! May I have your attention . . ."

Unavoidably, you listen. The bigger squawk box is demanding attention too. It rattles and crackles with the words of the speakers downstairs. Harsh, strident, jagged-edged words . . . "nuclear war . . . holocaust . . . savages . . . imperialist."

NO PLACE TO THINK

The stinging words follow you from room to room. There is no escape.

"Attention, please!" From so many directions, so many voices demanding attention. Typewriters, chattering, transcribe the words. Teletypes beat and pound. The telephones summon. There is no peace, no quiet, no place to think. You would like to go back off somehow, in order to sort out the words and see what they mean. Who can think?

Americans Seeking Japanese Gold; 21 Large Banks Closed:
Tokyo—American occupation authorities today began a quest for untold millions of dollars in gold, silver and currency which Japan was believed to have wrested from the lands it overran in its try for world domination.
The search paralleled other probes into imperialistic war-finance, made possible through General MacArthur's bold, secret seizure today of 21 government-controlled financial institutions in Tokyo and six other large cities, and the ousting of their officials.

Unheard From Since April, Man Is Safe On Guam: Pfc. Glenn L. Harner of the U. S. Marine Corps, who has been unheard from since last April when his first Marine Division landed on Okinawa, is now on Guam island awaiting an opportunity to return to the United States, according to a letter received by his parents, Mr. and Mrs. Charles Harner, near Gettysburg.

Mercury Hits New Low Of 46 Here On Sunday: An unusually warm and wet September came to a spectacular close Sunday after the mercury which reached a sunny and humid 86 on Saturday afternoon plummeted to within 14 degrees of the freezing point within a few hours.

Sunday morning's low temperature was 46 degrees and was the lowest reading taken here during the entire month. By contrast Saturday's high of 86 degrees was close to the month's record of 88 degrees which occurred on September 1.

Sgt. Stotler, Prisoner Of Japs, Is Freed: Sgt. Ernest A. Stotler, 27, a prisoner of the Japs for over three years, is now enroute to the United States following his liberation, according to a letter received this morning by his sister, Mrs. Norma I. Adams, South Washington Street.

Stotler enlisted in the regular army on November 27, 1939. He served with the 59th Coast Artillery in the Philippines until taken prisoner when Corregidor fell May 6, 1942.

Martin Lauds Newspapers Of State For War Service: Harrisburg—Pennsylvania's newspapers were lauded today by Governor Martin for the "magnificent job of keeping the people informed of the progress of the struggle and the fundamental issues involved" during World War II.

"Not only have they discharged their full duty in the fields of information and opinion in spite of wartime shortages and restrictions," the governor said, "but also they have added immeasurably to the victory drive through vigorous support, of bond sales, salvage drives, anti-inflation campaigns and numerous other patriotic activities."

Awarded Prizes In Children's Contest: Bonnie Jean Wright and Glenn Sherman Jr. won the first prizes in the children's popularity contest held last week in connection with the Pet Parade presented Thursday and Friday evenings in the college gymnasium for the benefit of the building fund of Gettysburg Post 15, Veterans of Foreign Wars.

Miss Wright was presented a gold necklace and Sherman a gold ring during the final performance Friday evening.

Today's Talk

THINGS THAT BRING SUCCESS

—Having a definite plan and sticking to it through thick and thin.
—Never leaving any job or part of a job until you are satisfied that it is the best you can do.
—Keeping your eye on the ball at all the time—not minding what is going on in the gallery or along the sidelines.

—Smiling and working through, though a great deal of the time you feel like doing just the opposite.
—Saving a definite portion of all that you earn.

—Doing all that you are able to encourage and build success and happiness for other people.

—Paying no attention to the lapse of time—thinking only of the result, though it may take years.
—Being stout of heart and unmoved in the face of repeated failure, knowing that success is made up of failures tied to victories.

—Loving life for what you are able to bring out of yourself for the benefit of the world.

—Knowing folks well enough to be able to make their efforts a part of yours, because of the immense value of mutual understanding.

—Taking an interest in every forward idea, plan, or movement.
—Thinking more than talking.
—Learning to decide quickly and intelligently.

—Sticking to your friends, though they err a thousand times.
—Placing the compensation and pure pleasure of work above the mere monetary reward.
—Believing in yourself.
—Assuring your heart that the best in you is immortal!

THE GREATER JOYS

Fruit in the orchard and grapes on the vine,
Grass in the meadow, the world's looking fine!
Clear skies above us, and bright stars at night,
Cool breezes blowing, the world is all right!

Birds singing gayly, and children at play,
Sweet peas in blossom—the old world is gay!

Laughter and gladness, and love, when we meet,
Kisses at night time—the world can't be beat!

Joy on the hill tops and joy on the plain,
Peace after trouble, and health after pain;

From sadness to gladness, from toiling to rest
We wander, still singing the old world is best!

PASSING DUEL AHEAD TONIGHT IN DALLAS TILT

DALLAS (AP)—A passing duel between a couple of fellows who are mighty good at it—Norman Van Brocklin and Eddie LeBaron—is the lure for a National Football League game between once-beaten teams here tonight.

The Philadelphia Eagles, 41-24 victims of the Cleveland Browns in their opener last week, and the Dallas Cowboys, 35-28 losers to the Pittsburgh Steelers, tangle in the Cotton Bowl.

It starts off the weekend of battling in the NFL with five games scheduled Sunday.

LEADERS TO CLASH

Cleveland, New York Pittsburgh and St. Louis, tied for the lead with 1-0 records in the Eastern Conference, meet each other. Cleveland will be tangling with Pittsburgh at Cleveland while St. Louis hosts New York.

Baltimore and Chicago top the Western Conference, with Detroit not having yet played a game. Baltimore meets Chicago at Baltimore Sunday while Detroit opens at Green Bay.

Los Angeles and San Francisco, beaten members of the Western Conference, collide at San Francisco. Washington draws a bye.

Van Brocklin, in his 12th NFL season, brings a fabulous passing record. He completed 1,400 for 21,140 yards in his eleven seasons. Last week against Cleveland he passed for two touchdowns.

LeBaron dueling the great Bobby Layne all over the place in the Dallas-Pittsburgh battle with Layne emerging as the winner with four touchdown shots to three for LeBaron although the latter gained more yards.

MOUNT CAGERS WILL OBSERVE 50TH SEASON

Coach Jim Phelan's Mount St. Mary's College cagers open their 50th season of hoop play on December 2 at Shippensburg to begin a rough 23-game schedule that includes 14 Mason-Dixon Conference games. Only newcomer to the schedule, which includes Georgetown, Hofstra, Adelphi, Rider, St. Vincent's and Frostburg, is Muhlenberg which the Mounties will play away on January 4.

Fourteen of the 23 games are on the road, including eight conference games, so that Phelan has his work cut out in matching the school log of 617 with 568 victories and 351 losses. Since 1910 the Mountaineers have won 14 titles, either state or league, and have had only eight losing seasons. They did not play in either 1919 or 1943.

JR. HI BRAVES BEATEN 33-7 IN FIRST TILT

A big, rugged Chambersburg Faust Junior High football team had too much power for the Gettysburg Junior High gridders here Thursday afternoon and breezed to an easy 33-7 triumph in a South Penn Junior High League game.

Chambersburg scored the first time it secured possession of the ball, driving about 60 yards after taking the ball following a Gettysburg punt. Tom Robinson shot through the right side of the line from the 17 to race over Howard Smith added the point on a quarterback sneak.

The Braves struck right back to knot the count on a pretty 38-yard pass play after taking the kickoff. Jim Newman un-er-er-er a perfect 30-yard pass to Doug Bream, end, who took the ball in full stride and galloped into the end zone. Newman added the point by circling right end.

Faust tallied on the second play of the second quarter after opening a sustained drive in the late moments of the first period. Eddie Foltz took a pichout and ran over from the eight. Again Smith carried for the extra point.

BLOCK QUICK KICK

An attempted quick kick was blocked by Chambersburg a short time later and the Tigers took over on the Gettysburg 30 from where they marched for their third TD. Robinson going over from the four. A run for the point was smothered.

Chambersburg added its third tally of the period following a drive from its 40, the payoff play being a 30-yard pass from Smith to Dick Weaver in the end zone. Again the try for the point was stopped.

Right after the second half opened Bob Selby, Braves' end, picked up a Faust fumble and ran from the Chambersburg 40 to the 12 but the Braves could not score. Several times in the quarter the Braves threatened but were unable to tally.

The visitors' final TD came midway in the last quarter when Smith, a fine quarterback, circled left end from the seven to climax a long drive. Gerald Gettel plunged for the final point.

TAWNEY HURT

The loss was doubly costly to the Braves, Jack Tawney, regular center, suffering a fractured left ankle in the first half.

Next Thursday evening at 7 o'clock the Braves will play at Waynesboro in another league scrap.

Reporter Lists Pirates' Defense Better Than Yanks

By BEN OLAN
Associated Press Sports Writer
NEW YORK (AP) — Casey Stengel was talking to reporters about the World Series the other day.

"Let's see," mused the New York Yankee skipper, "if I wanted to put in my best defensive team I would start Joe Demaestri at shortstop and Tony Kubek in left field."

Stengel's comments were not taken too seriously. Demaestri rarely has been used as a starter during the regular season while Kubek was shifted from shortstop to left field only in the late innings of close games.

RESPECTS BUC DEFENSE

However, Casey's reflections indicated the respect he has for the defensive excellence of the Pittsburgh Pirates. The Yanks can't match it. The Pirates streaked to the National League pennant largely on the strength of their fine fielding. The Yankees slugged their way to the American League title.

It's at second base with Bill Mazeroski, at third with Don Hoak and at shortstop with Dick Groat that the Pirates really sparkle defensively. Groat has been out with a fractured left wrist since Sept. 7. He is expected to be ready for next Wednesday's opener in Forbes Field.

GREAT INFIELD

At the plate, Mazeroski, Hoak and Groat also rate an edge over their Yankee counterparts, second baseman Bobby Richardson, Kubek at short and Gil McDougald or Cletis Boyer at third.

Only first baseman Dick Stuart among the Pittsburgh infielders leaves something to be desired as a fielder. Bill Skowron of the Yanks is also a more consistent batter than Stuart.

The Yankees have a slight overall edge in the outfield. Mickey Mantle of New York, with his fine speed, power and throwing arm, gets the nod over Bill Virdon, Pittsburgh's centerfielder. Roger Maris of the Yanks is among the American League leaders in home runs and runs batted in. But Roberto Clemente, the Pirate right fielder, is faster and is out-hitting Maris by 34 points. In left field, it's a tossup between Hector Lopez of New York and Bob Skinner of the National League champs.

CIMOLI FOR VIRDON

Gino Cimoli, a right-handed batsman, will likely replace Virdon in center against Yankee left-handed pitchers while Cerv while probably split Lopez in a game or two for New York.

The catching staffs are about of equal strength. Yogi Berra of the Yanks can out-hit and out-field Smokey Burgess, Pittsburgh's No. 1 receiver. But Hal Smith, who divided the catching chores with Burgess, is batting 46 points higher than Elston Howard, Berra's replacement.

Each club has a crack lefty pinch-hitter. Dale Long is hitting .389 since joining the Yanks from San Francisco while veteran Rocky Nelson has a .290 average as a spot starter and pinch-hitter.

The other Pirate reserves are infielders Dick Schofield and Gene Baker, outfielder Joe Christopher and catcher Bob Ojeda.

The Yankee alternates also include Demaestri and catcher John Blanchard.

As a unit, the Pirates are batting .276, 16 points higher than New York. However, the Yanks have hit 190 homers to Pittsburgh's 119. Each team has a fielding average of .979.

Duke End Named Lineman Of Week

DURHAM, N. C. (AP) — Claude (Tee) Moorman, rangy Duke University end, who is the collegiate lineman of the week, would play professional football provided it doesn't interfere with other plans.

"I'd like to be a doctor some day. That's my ambition," said Moorman. He is a pre-med student and president of the senior class.

When the 212-pounder learned Wednesday he had been named Lineman of the Week in the Associated Press Poll he said, "Thanks a lot. I can hardly believe it. I feel real humble about it."

Moorman, 6-foot-3 import from Miami, Fla., caught 11 passes for a new Atlantic Coast Conference single game record in Duke's 31-0 victory over South Carolina Saturday night. He gained 122 yards and scored a touchdown.

NITTANY LIONS TO PASS MORE ON SATURDAY

UNIVERSITY PARK, Pa. (AP) — Coach Rip Engle of Penn State says he may balance his running attack with more passing in the Nittany Lions' first real football test this year against Missouri here Saturday.

"I doubt that we'll be able to grind out enough drives to stay ahead of what obviously is a wide-open Missouri team, so we may have to balance things with some passing," Engle explained.

Missouri showed impressive ground strength in winning its first two games by scores of 20-0 over Southern Methodist and 28-7 over Oklahoma State, but Coach Dan Devine figures he needs a better aerial game against Penn State.

PSU WON LAST YEAR

"Our passing game has to be sounder, and we need more punch inside," he said. "Penn State will slap possibly the best defense on us we'll see all year."

Missouri lost 19-8 to the Nittany Lions last year.

Engle's Lions showed a steady, if unspectacular ground game in grinding out a 20-0 victory over Boston University here two weeks ago. They threw only a handful of passes.

But this week Engle devoted considerable time to passing drills.

HALL WILL START

Quarterback Galen Hall, who completed 18 of 36 tosses last season in his understudy role to Richie Lucas, has been tapped to start for the Lions. He'll replace Dick Hoak, a converted halfback who indicated in the season opener that he still prefers to be a runner.

The Lions are in pretty good physical shape with the return to duty of ends Bob Mitinger, John Bozick and Henry Oppermann, guard Wayne Berfield, halfback, Eddie Cate and tackle Jim Smith.

Mitinger, a fine defense player, is expected to return to right end and Cate will be in his left half slot if their injured ankles are completely healed. Otherwise, Engle plans to spot them as needed.

DODGERS EYE HOME RECORD

LOS ANGELES (AP) — The Los Angeles Dodgers might set an all-time National League home attendance record tonight.

But the seven digits in the attendance figure won't concern them as much as the third digit in Norm Larker's batting average. The Dodger first baseman was held to one hit in four appearances Thursday night as the St. Louis Cardinals pulled out of a four-game losing streak by edging Los Angeles 4-3 in 10 innings.

Larker's average slipped a fraction of a point to .324, leaving him a full point behind Dick Groat, the injured Pittsburgh shortstop.

Larker faces Don Cardwell of the Chicago Cubs tonight, and if he gets a hit his first time up he'll pull ahead of Groat, assuming Groat remains idle.

The Dodgers go into tonight's game with a season attendance total of 2,204,731. They need a crowd of 10,674 to break the league record of 2,215,404 set by the Milwaukee Braves in 1957.

If they fail to break it tonight they'll do it Saturday and still have a game left over.

Stolen bases — Wills, Los Angeles, 49; Pinson, Cincinnati, 31.

Pitching (based on 15 or more decisions) — McDaniel, St. Louis, 12-4, .750; Broglio, St. Louis, 21-8, .724.

Strikeouts — Drysdale, Los Angeles, 241; Koufax, Los Angeles, 196.

PICKS WINNERS ON SCHOLASTIC GRIDIRON IN PA.

By FRED B. WALTERS
HARRISBURG (AP) — September will give way to October at midnight tonight.

Having made that safe prediction, let's take a shot at the probable winners in this weekend's big high school football games:

EAST

Upper Darby at Norristown (Saturday)—Look for Norristown to bounce back from its loss to Ridley Twp. last week.

West Scranton at Berwick (Saturday)—This looks like a preview of the East Penn Conference championship game. West Scranton, the Southern Division hopeful, looks too good for Berwick.

Minersville at Mahanoy Area (Friday)—Mahanoy Area is becoming a testing ground for East Penn Southern Division hopefuls. Any week now it should rise up and smite one of these teams, but we'll still pick Minersville.

MIDSTATE

Harrisburg Harris at Reading (Friday)—Look for Harris to come out of this game as leading contender to Lancaster for the Central Penn crown.

Lock Haven at Bellefonte (Friday)—Lock Haven looks better every week: all it needs is a tough opponent to take some of the tarnish off its unbeaten record. A win over Bellefonte will do that.

WEST

Windber at Johnstown (Saturday)—Now that Johnstown's 24-game winning string is the longest in the state, it is ripe for plucking. Give Johnstown the edge.

Ambridge at Beaver Falls (Friday)—The loser drops out of the WPIAL-AA race. Beaver Falls looks good.

Hempfield at Monessen (Friday)—A tough contest between two top WPIAL-AA contenders. The guess is Monessen.

Uniontown at Washington (Friday)—We can't go against Uniontown despite its loss last week. Moniteau at Hickory Twp. (Friday)—Hickory may be the best team in the northwest. It looks like Moniteau will be dropped from the list of long-run unbeaten.

PITT, SOONERS TO SEEK FIRST WIN SATURDAY

By WILBUR JOHNSON

NORMAN, Okla., (AP) — Oklahoma and Pittsburgh each will be trying for their first victory in an intersectional football game at Owen Field Saturday.

The Sooners of Coach Bud Wilkinson dropped a 19-3 decision to Northwestern last week while John Michelosen's Panthers had to be satisfied with a 7-7 tie with Michigan State. Pittsburgh lost to UCLA in its opener 8-7.

The game is loaded with incentive. The Sooners will be trying to escape the embarrassment of two successive defeats on their home field and the Panthers will be clawing for their first triumph over an Oklahoma team after three losses and a tie.

WILL USE SOPHS

Should Pitt manage to jell its offense for a decision it would be the first time in 14 years for a Wilkinson team to drop two straight games at home. The last time Oklahoma was beaten twice in succession was 1951 when Tex A&M and Texas turned the trick on their own grounds.

There were 10 sophomores among the 23 players Oklahoma used last week and they'll be working again Saturday. Seven of the sophomores were members of the alternate unit.

Pitt, on the other hand, can count on six seniors, 4 juniors and only a pair of sophomores on its first two units, giving the Panthers a wide edge in experience.

PITT DEFENSE STRONG

The Panthers will call on their trio of "C" backs for the major part of their offense. They are halfbacks Bob Clemens and Fred Cox and fullback Jim Cunningham. Dave Kraus will open at quarterback and handle the passing chores.

Pitt's strong point is defense and senior end Mike Ditka, a 6-foot-3 215-pounder, is the top hand in this department. He is candidate for All-America honors.

Jimmy Carpenter will lead the Sooners offense from the split-T quarterback position and will call on halfbacks Mike McClellan and Billy Meacham or Don Dickey for outside speed and fullback Ronnie Hartline for the power handoffs.

Quarterbacks Are Key To College Football Saturday

By JACK CLARY
Associated Press Sports Writer

The quarterback, that almost-always necessary ingredient for a successful football team, is going to have the final say this weekend as to whether the nation's top college teams are going to make it through some pretty stiff tests.

Only one, top-ranked Mississippi, seems to have little worry when it faces Memphis State Saturday night.

However, the possible lack of a good quarterback may spoil the debut tonight of Miami (Fla.) when it launches one of college football's toughest schedules against North Carolina in the Orange Bowl.

Second-ranked Syracuse, which faces Kansas Saturday in the nationally televised game, has a pair of top-flight signal callers in Dave Sarette and Dick Easterly, and will face another good one in John Hadl.

Washington, ranked third in the current Associated Press Poll, has All-America Bob Schloredt poised to help beat back Navy, and its sparkling halfback Joe Bellino.

But Miami coach Andy Gustafson isn't so fortunate. He lost starter Fran Curci, his vespock-et-sized magician, through graduation, which also claimed understudy Theron Mitchell. The No. 3 man was Bill McClain, and he signed a pro baseball contract.

This year, with the likes of Syracuse, Notre Dame, Pitt, Air Force and Auburn coming up, Gustafson has only one quarterback who has seen any varsity action, and that sparsely in 1958. He is George MacIntyre, out last year with a broken wrist.

Mississippi quarterback Jake Gibbs has thrown three touchdown passes and scored twice on short runs in helping Ole Miss win its first two games.

STEVE RIDZIK HURLS 4-HITTER TO WIN

TORONTO (AP) — Steve Ridzik pitched a 4-hitter for the Toronto Maple Leafs Thursday night for a 10-1 victory over Louisville to tie the Little World Series at 1-1.

Southpaw Dick Rehm, who couldn't complete the first inning, was tagged with the defeat.

Steve Demeter led a 16-hit Toronto attack with two homers.

The clubs play again tonight before the series shifts to Louisville for the remaining necessary games. Southpaw ace Bob Hendley will be on the mound for the Colonels, facing Toronto lefthander Bob (Riverboat) Smith.

Bears And Colts Collide Sunday

BALTIMORE, Md. (AP) — The two teams with the longest winning streaks in the National Football League, the Baltimore Colts and Chicago Bears, provide an early season showdown Sunday.

The Bears have won eight in a row and the Colts seven, counting last year's championship victory over the New York Giants.

The Bears capped their last seven of 1959 and opened this season by downing the Green Bay Packers.

The winner Sunday will take undisputed first place in the Western Division.

YANKES TRY FOR RECORD; Groat BACK

By ED WILKS
Associated Press Sports Writer

The Pittsburgh Pirates may give injured shortstop Dick Groat a comeback tryout tonight while the New York Yankees, zeroing in on their World Series date with the Bucs, are busy trying for the majors' longest winning streak in six years and an American League home run record.

Groat, sparkplug of Pittsburgh's first National League pennant winner in 33 years, hasn't played since Sept. 6. That was the night a slider thrown by Milwaukee's Lew Burdette broke his left wrist.

Now, with Milwaukee once more in Pittsburgh for a three-game season finale, Pirate manager Danny Murtha may decide to find out whether Groat will be of any help when the World Series opens at Forbes Field next Wednesday.

TRY FOR 13TH

The Yankees, who give right-hander Art Ditmar (15-9) a final tuneup in tonight's game against Boston, will be shooting for their 13th consecutive victory in the opener of the three-game set against the Red Sox. No major league club has won 13 in a row since the 1954 Yankees.

The American League champs also need just one home run to break the league mark of 190 they set in 1956.

WO' ON DOUBLE

St. Louis beat the Los Angeles Dodgers 4-3 in 10 innings Thursday night in the only game scheduled in the majors.

The Cards, winning on Ken Boyer's one-out double off reliever Larry Sherry (14-10) pulled within one game of the Braves again in their scrap for second place. Larry Jackson won his 18th with the help of reliever Lindy McDaniel's 27th save in the 10th after the Dodgers put the tying run on base.

4 Men Left Their Work To Serve God

GOD'S PREFERENCES

By REV. LENA PARR
Pastor, St. Paul's
AME Zion Church

Theme: "I always do what is pleasing to Him." John 8:29. Sin is not a question of breaking God's law, it is a question of breaking God's heart. The child who is truly obedient does not obey because his parents demand it, but because it hurts him to disappoint them. Their preferences are law to the child.

Over and over the preacher is asked, "Is it wrong to do this?" as though all the questions can be answered clearly. It is true that some things are clearly right and others are wrong. Jesus undertook what would be pleasing to God and once He had shown light on that subject His course was clear.

No man has ever run away from God with a light heart. Jesus had His preferences and there is no sin in that. In the garden He prayed earnestly that He might be able to carry the cross. Yet it did not alter His determination to accept the Father's preferences. In this Jesus gave us the way to the kingdom of heaven. We need to listen to God. We ought to move forward with His orders marching at His command.

CHOSE FOUR MEN

Let me tell you about four men who found preferences with our Lord. The first two are Simon Peter and Andrew, his brother. They heard Jesus say to them at the Lake of Capernaum "Launch out into the deep, and let down your net for a draught." Their

answer to him was, "Master we have toiled all the night and have taken nothing; nevertheless at thy word, I will let down the net." And when they drew it back it was so full of fishes that the net broke. And when they saw it they both cried, "A miracle." But Simon Peter threw himself at the knees of Jesus crying, "Depart from me; for I am a sinful man, O Lord." And in His gentle way of speaking Jesus said, "Follow me and I will make you fishers of men." Leaving their nets the two brothers followed Jesus. A few days after this Jesus hap-

pened to come upon James and John, two brothers, the sons of Zebedee who were partners of Simon and Andrew, and He called them while they were mending their father's net. When they heard His voice they too said farewell to their father leaving the half-mended net and followed Jesus. His preferences were these four men to work for Him in the inner circle of the disciples. Four men, two pairs of brothers more deeply brothers in the common faith. They were ready to go. At the sound of His voice it was like the voice of

HELPED BUILD KINGDOM

Four poor fishermen, four plainmen of the lake, men who did not know how to read or write or speak correctly. Four humble men, whom no one else would have been able to distinguish from others, were called by Jesus to help Him build a kingdom to occupy all the earth. For Him they left their boats the job they loved so well, their father, their family, their homes. They left all that to follow this Man Who did not promise money or

lands and spoke only of love, poverty and perfection.

They remembered the times that when they put to shore this Man was there to greet them. He always seemed to be on hand every time the boat landed. There was something about Him that seemed strange but His voice was gentle. By working with Him it was pleasing to them, even to others who followed.

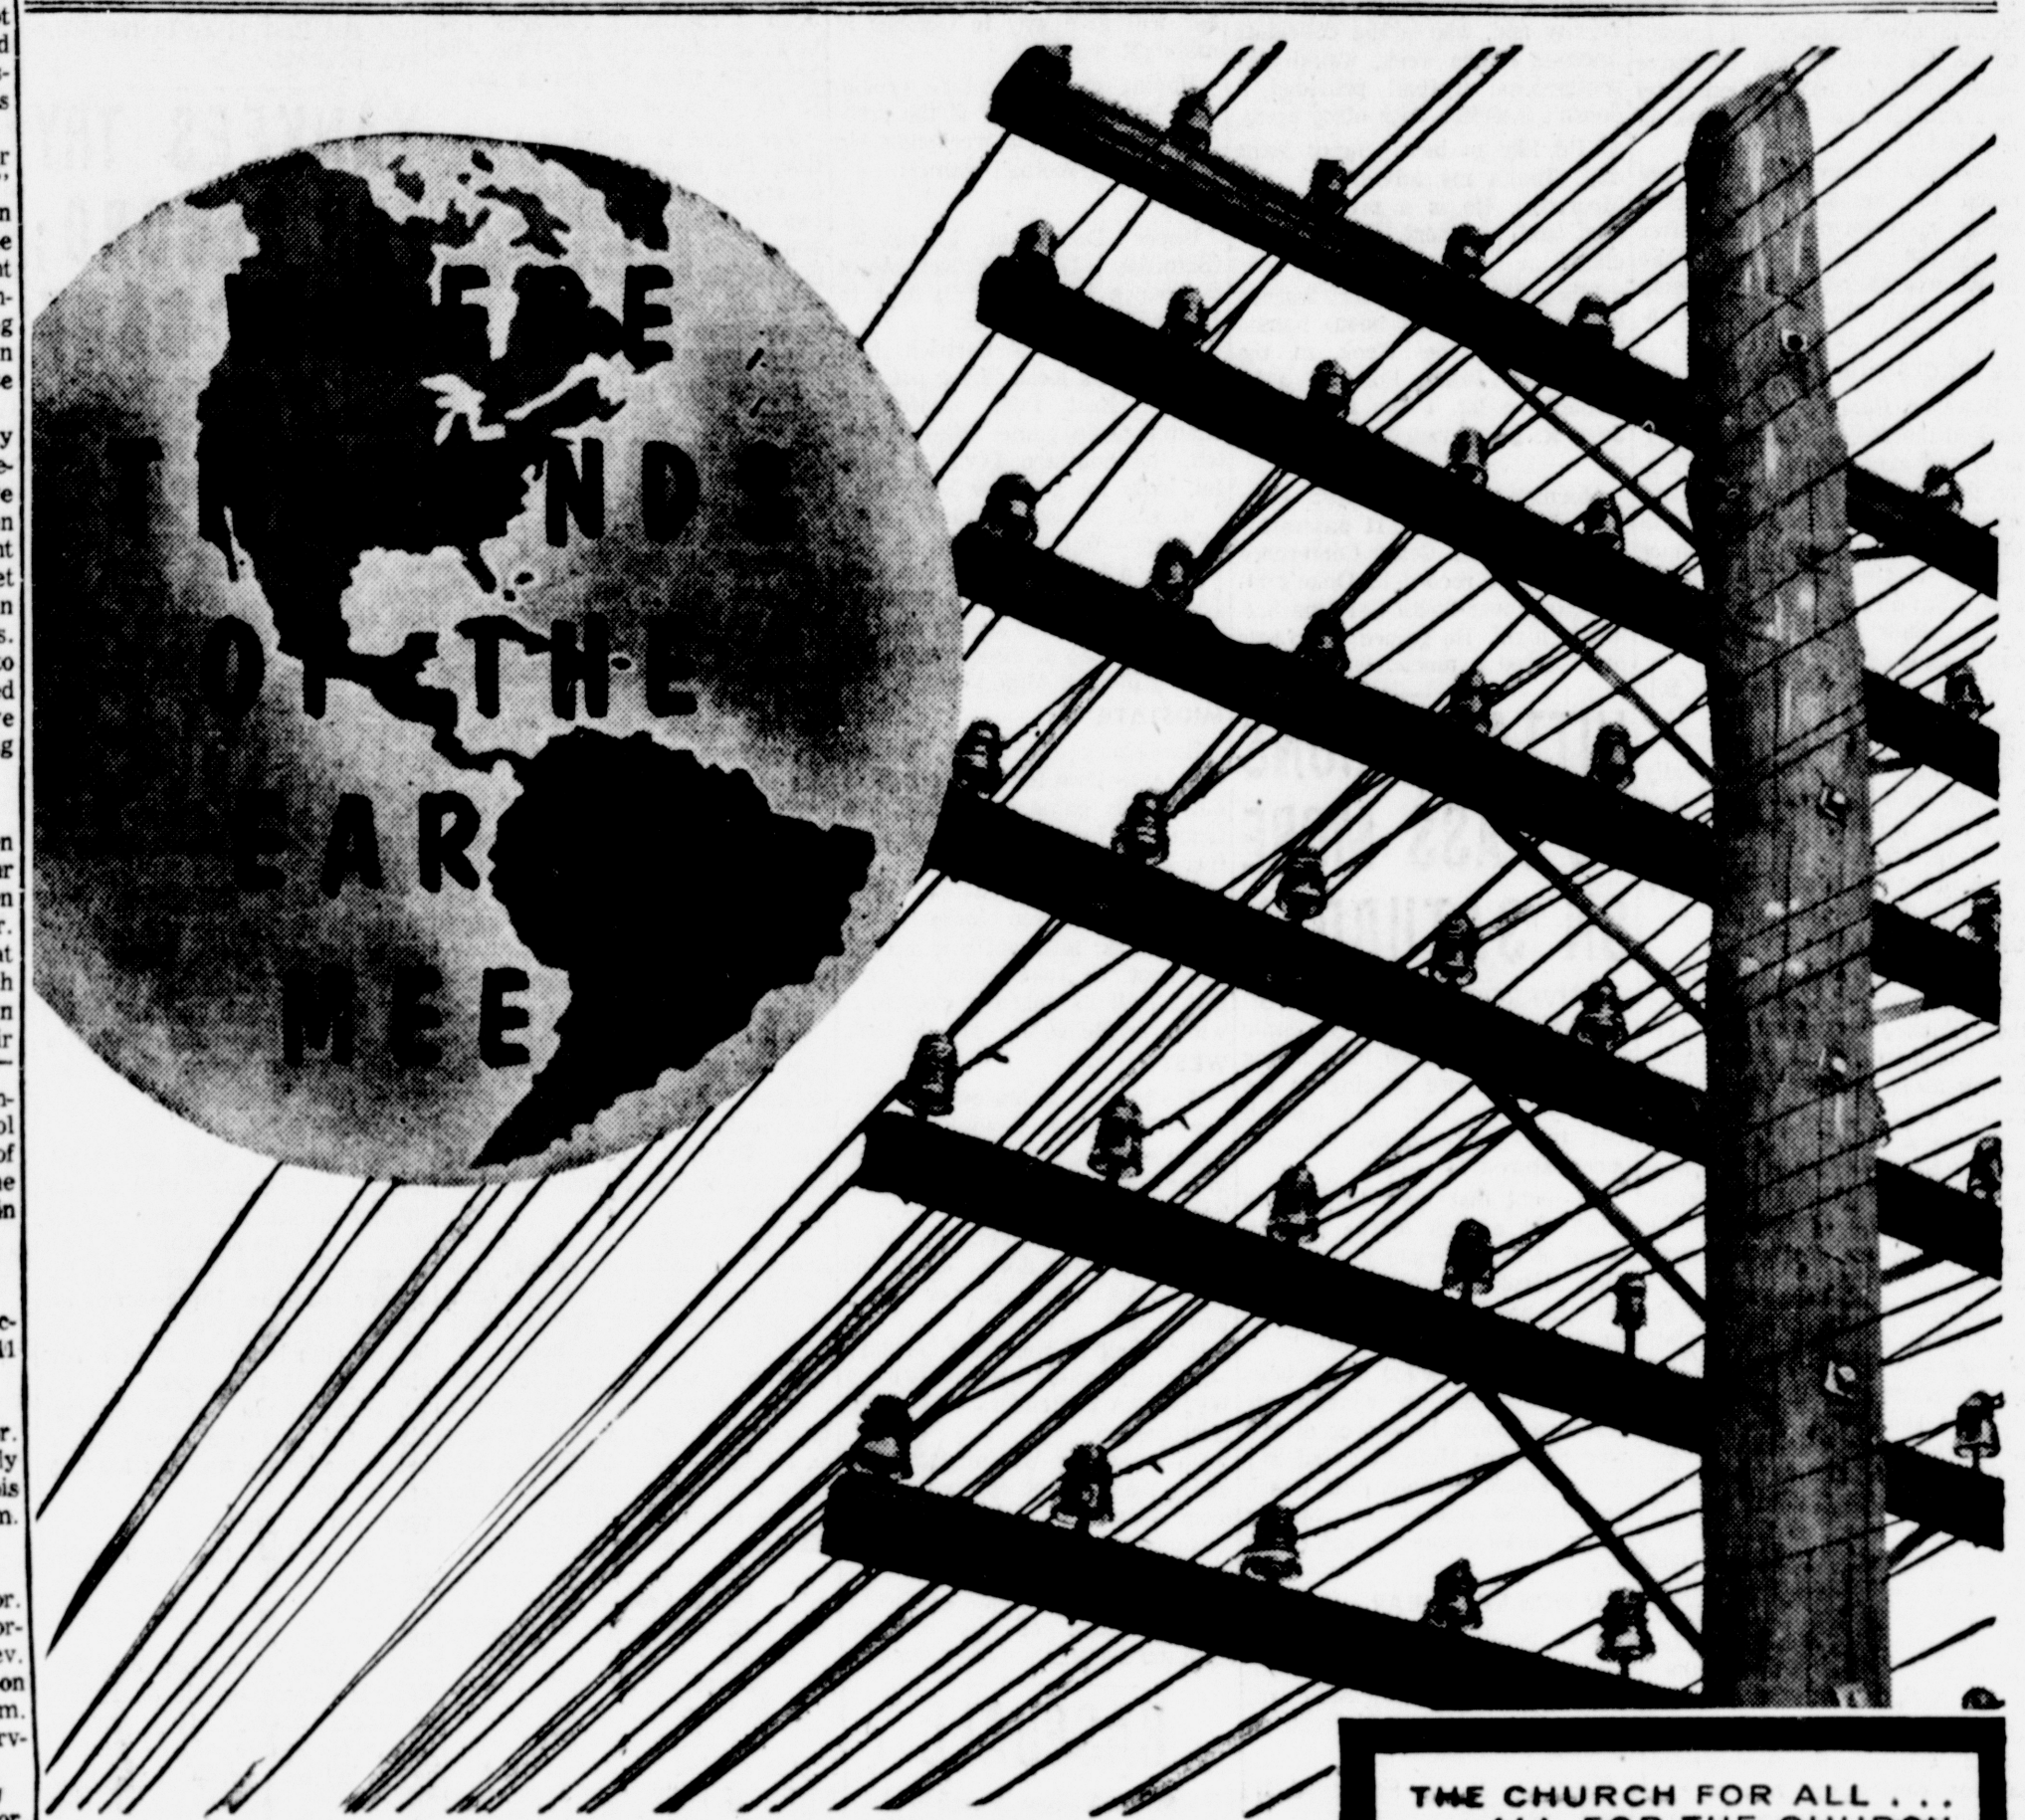

Hasn't it been the same to you? Hasn't His love and mercy drawn us a little closer to Him? Let us share in this work of kingdom building and find ourselves pleas-

ing to Almighty God. Let us not look for our reward among men, but understand it comes from above. His preferences toward us is a voice calling, "Follow me and I will make you fishers of men," and when we follow Him then we are pleasing to our God.

Here — where sixty wires cling to the cross-arms of a weathered pole — the ends of the earth meet!

It's like that in our local churches on Communion Sunday. Whether fifty or five hundred receive the Holy Sacrament . . . the ends of the earth meet. For the Lord's Supper is not a rite of one church or one denomination. It is the common sacramental feast of millions of Christians all over the world.

Are you availing yourself of this blessed privilege, and are you attending your church regularly? As you receive this Sacrament in your church, your life is linked to the lives of Christians everywhere. And you and they are united in a common communion with God!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

SPONSOR FILM FOR BENEFIT OF 'REC' CENTER

Plans were completed and tickets distributed for "Day of Triumph," the Hollywood-produced spectacular in Eastman color and widescreen, to be shown next Thursday at the Towne Theater under the sponsorship of the Woman's Community Club of Littlestown and vicinity at their September meeting Wednesday evening in the social room of the Eagles' home.

The evening's activities also included plans for a "Hatarama" in conjunction with the October 26 meeting and a presentation of "Fashions in Jewelry."

The club-sponsored religious film will have three showings: 2:30, 7 and 9 p.m. It is Hollywood's first such depiction of the Saviour together with Judas, Mary Magdalene, the Disciples, Pontius Pilate and other notable figures of the era when Christianity was born, since the silent film "King of Kings" in 1927 and it is in color, with the central characters being heard as well as seen.

Robert Wilson plays Christ; Lee J. Cobb as Judas; Joanne Dru appears as Mary Magdalene; James Griffith as Judas; Lowell Gilmore as Pontius Pilate and John Stephenson as John the Baptist. This is the first project to be sponsored by any local group with the proceeds earmarked for the proposed community center fund. Mrs. Monroe J. Stevely is general chairman of arrangements. Volunteer members of the club will serve as ticket sellers, ticket takers and ushers for each of the three showings. Tickets may be secured in advance from any club member at 50 cents for students and \$1 for adults. Mrs. Irene Cowser, a guest at the meeting on Wednesday, is here to promote the movie presentation.

ADOPT BUDGET
Mrs. Robert H. Miller, new club president, conducted the meeting and accepted reports from Mrs. Anna B. Leach, the new secretary and Mrs. Beaven F. Halon, the new treasurer. The president had for display and for members' use, copies of the Pennsylvania Clubwoman and general federation literature. Mrs. Alvin J. Groff, chairman of the finance committee, read the proposed budget, which includes close to \$200 for welfare and benevolence and which was adopted by the membership.

Mrs. C. Donald Bowser, chairman of the youth conservation committee, who is club representative on a committee comprising representatives from other local organizations, reported on meetings held by the committee with regard to the observance of Halloween in the community. The committee agreed that the children should have one week of tricks or treats in advance of the date of Halloween and that door-bell ringing should cease at 9 p.m. every night. Parents are asked

to cooperate with this plan which has been endorsed by all civic groups.

If voluntary cooperation is not forthcoming this season, then it is planned to take further steps to incorporate specific plans and make them part of a borough ordinance for the future.

Club members were also asked to volunteer their services to assist with the Halloween party sponsored annually by the Littlestown Junior Chamber of Commerce for all the children of the community, with games, refreshments or just ideas. It was voted to cooperate with the Jaycees to whatever extent they would need assistance and the youth conservation committee will meet with the Jaycee chairman to obtain this information.

HELP ON CHRISTMAS LIGHTS
Mrs. Edward H. Leister told the club about a summer welfare project, the fitting of a family with shoes for school, which was paid for jointly by the Lions Club and the Woman's Club, and which is provided for under special welfare in the club budget.

Mrs. Robert J. Stoensifer announced details for the "Hatarama" to be held from 7 to 9 p.m., on the October 26 meeting night, with the business to follow. Mrs. Jeanette Snyder will provide the hats and there will be open house so that all women of the community interested in seeing the display may visit the meeting room during those two hours. Brief business is planned and the UNICEF film will be shown if it can be obtained for that meeting night.

It was voted to cooperate with the other organizations in the community and the Chamber of Commerce in the latter's efforts to purchase new Christmas lighting and decorations, by paying \$18 for one string of lights.

PROGRAM ON JEWELRY
The resignation of Mrs. Edward H. Brown was accepted with regret.

Mrs. Marion Harbaugh of "The Country Store" in Biglerville was in charge of the "Fashions in Jewelry" program. Mrs. Harbaugh explained how jewelry can complement or detract from the wearer's apparel and then several hundred pieces were displayed, with members and their children as models. The first piece shown was a bracelet chosen by Mrs. Mamie Eisenhower, a visitor at The Country Store. It was modeled by the president of the Adams County Federation, Mrs. Allee F. Rebert. Other models were Jamie Crouse, Peter Maitland, Susan Basehoar, Donna Schaefer, Sylvia Eckenrode, Janice Evans, Judy Flinchbaugh, Mrs. Maurice F. Rider, Mrs. Harry W. Stavelly Jr., Mrs. Monroe J. Stavelly, Miss A. Marie Budde, Mrs. Marvin F. Breighner, Mrs. Leonard L. Potter, Mrs. Leroy W. Bish, Mrs. A. G. Ealy, Mrs. Charles W. Weikert, Mrs. Robert J. Eckenrode, Mrs. Chester S. Byers, Mrs. J. Harvey Pettyjohn, Mrs. Walter F. Crouse and Mrs. Harry T. Harner. There were several changes of costumes as well as changes of jewelry by each model. There was also a large display of jewelry for the approximately 100 members and their guests to admire at the con-

clusion of the fashion show.

WORLD SERIES AND 13 NEW TV SHOWS IN WEEK

By CYNTHIA LOWRY
AP TV-Radio Writer
NEW YORK (AP)—The television networks in recent months have been measuring out new entertainment shows with eye-droppers. Now they are pouring them into the channels.

In the first place, there is the World Series and NBC has it. The games will be televised from start to finish, starting next Wednesday.

Furthermore, there will be 13 shows bowing in on the three networks, seven special shows, any number, of old shows returning plus a number of items of special viewing interest. (All times are Eastern Daylight.)

3 SHOWS TONIGHT
Tonight, unfortunately, three shows will be crowding into the same time periods: ABC's adult cartoon feature, "The Flintstones" and NBC's new oat-burner, "The Westerner" make their debuts at 8:30. At the same time, CBS' 90-minute adaptation of "Men in White" starts. NBC's Telephone hour with Van Cliburn and Benny Goodman will start a new season (9-10), followed by NBC's hour-long mystery series, "Michael Shayne" (10-11).

NBC has two new, early Saturday shows starting. "Today on the Farm," a news roundup starts at 7 a.m. Shari Lewis' puppet show for the children makes its debut 10-10:30 a.m.

Sunday there is ABC's "The Islanders" moving in (9:30-10:30) and CBS' "Candid Camera" (10-10:30) with Arthur Godfrey. In addition there is a CBS Art Carney special, "Hooray for Love" (9-10), and Shirley Temple's adaptation of "Winnie the Pooh" (7-8) with Baird puppets.

OTHER NEW ONES
Monday brings ABC's "Surfside Six," (8:30-9:30) a Miami-based whodunit series, NBC's "Dante" with Howard Duff and CBS' "Andy Griffith Show," both 9:30-10. Also Bob Hope's first NBC show of the season (8:30-9:30).
On Tuesday there is ABC's new "Stagecoach West" (9-10 p.m.) and NBC's special, "Rivak the Barbarian" about the Punic wars (10-11). "My Sister Eileen" comes to CBS on Wednesday (9-9:30) and there's a Bing Crosby special on ABC (10-11). Plus, of course, the World Series opener.

Thursday brings the debut of

Police Move In On Series Scalpers

PITTSBURGH (AP)—Pittsburgh police say they're going to clamp down on the scalping of World Series tickets.
Safety Director Louis Rosenberg said Thursday plainclothesmen will be assigned to help regular police arrest violators.
Rosenberg pointed out the city has a law forbidding scalping and the state has a law forbidding the re-sale of tickets even if no profit is made.

Scalpers reportedly are receiving \$20 above the regular price for tickets to the World Series. The series opens in Pittsburgh Wednesday between the Pirates and the New York Yankees.

'OPERATION BOOTSTRAP' BIG SUCCESS

PATTON, Pa. (AP)—Remember last March when this Cambria County community launched a campaign to save its economic neck?

Its name: "Operation Bootstrap." Its purpose: to breathe new life into the faltering Patton Clay Manufacturing Co., the town's chief industry.

There was a bond drive to obtain money for new equipment and to build up an inventory. Workers in the plant agreed to take a pay cut on the understanding they would be reimbursed later.

The whole thing took on the flavor of a community-wide project.

IT'S HUGE SUCCESS
Well, "Operation Bootstrap" has turned out a huge success.

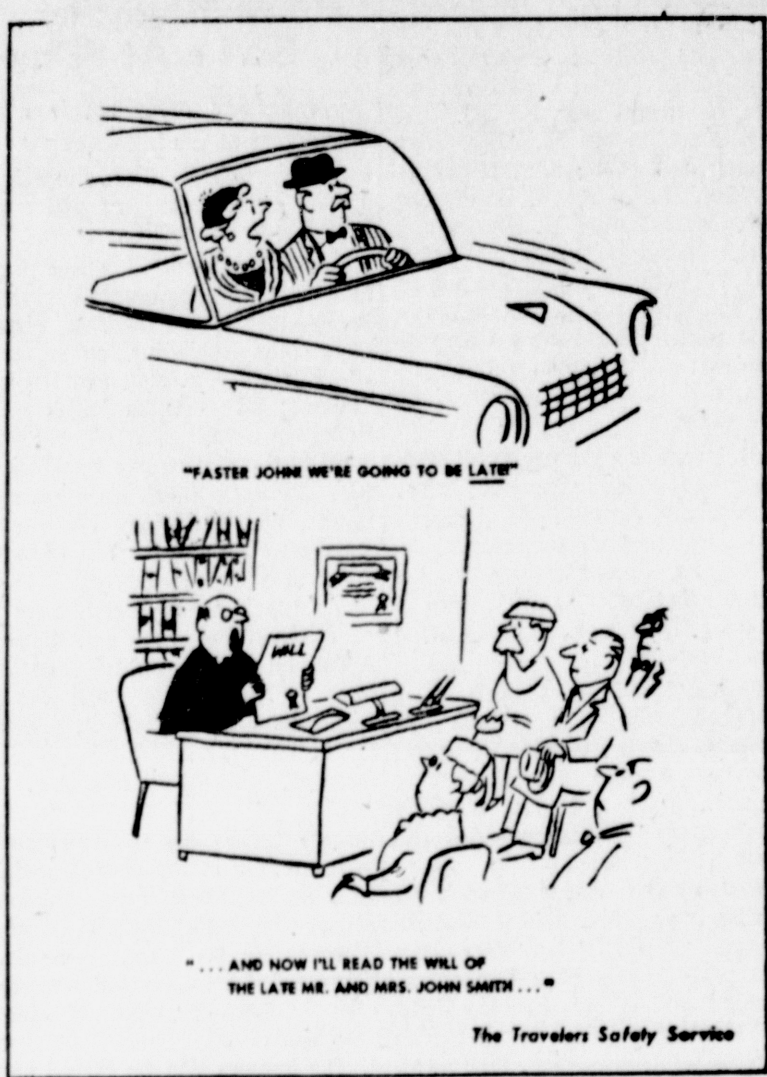

The goal of the bond drive was \$200,000. To date, some \$240,000 in pledges and cash has been raised. Employees' contributions through payroll deductions gave the firm an immediate working capital of \$30,000.

George Lehman, chairman of the drive, said some workers already have been paid back and the rest are expected to be reimbursed by Nov. 1.

"SHINING EXAMPLE"
Looking back over the drive and its success, Lehman said, "Patton stands as a shining example of what can be done, even in a distressed area."

"Angel" (CBS, 9-9:30) and another ABC special, this one starring Victor Borge (9:30-10:30).

Since the beginning of the drive, the plant operated without interruption until last Friday. It was a shutdown then for repairs and the installation of new machinery. The reopening is slated for Oct. 14.

The campaign was initiated when the company announced it was planning to shutdown because of unprofitable years in 1958 and 1959.

The plant was established in 1890 and currently employs 203 men. It produces sewer pipe, flue liners and various forms of tile and fire brick.

Employees are members of the United Brick and Clay Workers Union. The drive has been conducted by the Patton Municipal Authority.

worship, Gloria Patri, invocation, hymn, "The Whole Wide World." The theme was "Into All The World" and "Together Through Prayer." The interpretation of theme was given by the leader and the response by the pastor, Rev. Gotwalt.

Contemporary statements on prayer were given by several members. There was a hymn of preparation for a prayer period. Prayer requests were given for prayer concerns around the world by more members of the WWSWS. After announcements and the offering, there was a message on worship from John 4:24. After closing hymn, the benediction was given by the pastor. The service was largely attended. Mrs. Clyde Metz was the piano accompanist.

Profit from the food sale sponsored by the Youth Fellowship of the Methodist Church amounted to \$42.35 recently at King's Grocery.

WITHHOLDS DECISION ON NEW TV SHOW

Miss Linda Shuyler, a student at the Hahnemann School of Nursing, Philadelphia, spent the weekend with her stepfather and mother, Mr. and Mrs. Joe Yohe. Miss Shuyler was accompanied to Philadelphia Sunday by her parents, Mrs. Mary Shuyler and Mr. and Mrs. Paul Condit.

crimes of notorious real-life figures, started Thursday night.

The committee was composed of real lawyers and the witnesses—including one playing Lucky Luciano, the deported ganglord—were professional actors. The questions and answers were all ad-libbed.

It was like nothing I've ever seen on television before. But the result was as if the old Kefauver committee hearing, "The Verdict is Yours" and the last half of a professional football game were rolled into one.

DECISION RESERVED
Perhaps it would have made sense of a sort if they hadn't filled the hearing room with a mob of spectators who hammed up their "crowd noises" to a point where questions and answers were difficult to follow and even diverted the actors and lawyers. Decision reserved.

Fred MacMurray's "My Three Sons" came along a bit later on ABC. Perhaps it was the contrast from the other new show, but I found it calming, neat, tidy and even amusing. The idea is that widower MacMurray is attempting to bring up his three sons in a motherless household with help from his father-in-law, played in perky style by William Frawley. It promises to be a pleasant if

FEEL 'K' HAS DAMAGED HIS CAUSE AT U.N.

UNITED NATIONS, N.Y. (AP)—U.S. strategists counted today on a combination of quiet personal diplomacy and specific proposals to make headway at the star-studded 15th session of the United Nations General Assembly. The American plans were in pointed contrast to the actions of Nikita Khrushchev, U.S. observers felt the Soviet Premier had damaged his own cause at the U. N.

The specific American proposals are being shaped up as a follow-through to President Eisenhower's speech to the Assembly last week. The first of these, outlining the U.S. plan for aid to Africa through the U.N., already has been submitted. Proposals for peaceful use of outer space and for disarmament will be presented later.

ANTAGONIZED DELEGATES
Qualified U. S. informants be-

lieve Khrushchev might well have scored a gain for the Communist camp had he come to the U. N. with appealing proposals for disarmament and Africa, acted with the diplomatic dignity expected of a man in his position, held a press conference and some private meetings and departed.

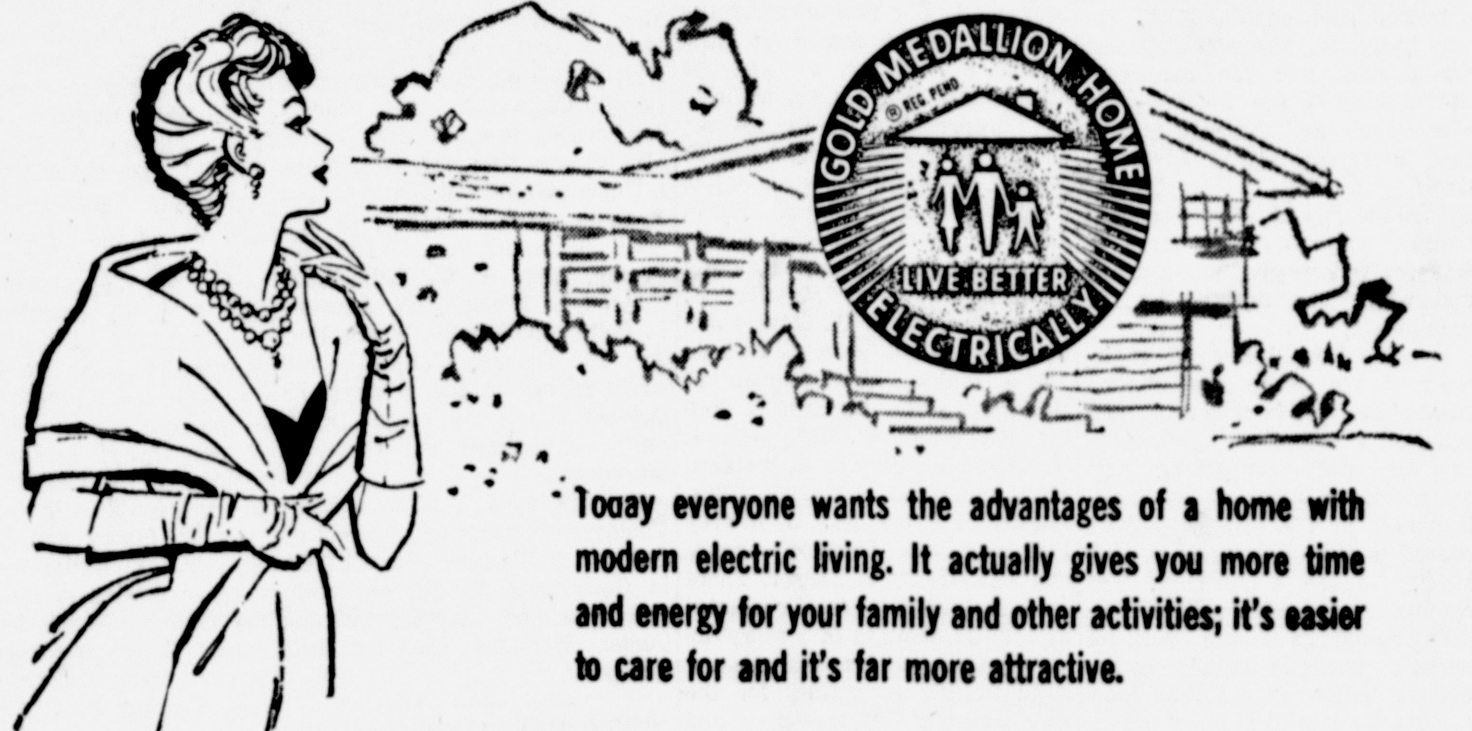

Instead, it is felt the Soviet premier antagonized many new and neutral delegates by his attacks on Secretary-General Dag Hammarskjold, his plan for splitting the U. N. executive in three and by his crudeness, the like of which had not been seen at the U. N. before.

It is believed many delegates have been offended by Khrushchev's antics.

JUDGE IS ROBBED
NORRISTOWN, Pa. (AP)—Nathaniel Pickron, 38, was held in \$500 bail Thursday on a burglary charge. He was accused of stealing the wallet of Judge Robert W. Honeyman of Montgomery County Court. There was no money in the wallet, taken from inside the judge's suit coat which was hanging in his chambers.

POPE PROVES TO BE PATIENT FOR PORTRAIT

By JULES LOH
NEW YORK (AP)—The Pope is a patient sinner.

Artist Richard Brown was having a particularly vexing period getting started on a painting of the Pope, and his frustration showed.

"You expect too much," Pope John XXIII reassured him.

"It took God six days to create the world. Don't try to judge your work on the second day."

AFTER SIX SITTINGS

Sure enough, after six sittings—plus hours of private work in the Vatican studio provided him—Brown completed the 7 by 6 foot portrait.

Then he returned to the United States with the portrait—one of the first of the Pope in North America, painted from life.

Last July, Alexander Clayton of Dallas, Tex., brought back a portrait of the Pope he had painted at the Vatican.

Brown's enthusiasm does not stem from the portrait, but from the rare experience of painting it. "There were hundreds of Catholics in Rome—many of them

priests—who did not get an audience with the Pope," he said. "And there I was, an insignificant Protestant from Madison, Conn., given the run of the place."

POURTRAIT IN WHITE HOUSE
Brown, 41, a Yale graduate and former instructor at Columbia and Syracuse, is not insignificant in American art circles.

His portrait of Mrs. Herbert Hoover hangs in the White House, and elsewhere displayed are portraits of Hoover and a number of high ranking prelates of his own Episcopal Church.

While casting about last spring for a new subject, Brown took a flyer and addressed a letter to Pope John. He enclosed a few photo samples of his work—and promptly gave up any notion he would be accepted.

NOT AN "OLD MAN"

Later he was advised he could meet with the Pope for three 30-minute sittings.

The appointed limit of three sittings was stretched to six, more than accorded any other artist. Frequently he walked with the Pope in the Vatican gardens to study him more closely.

"This man of 78 some people call old has the step of an athlete and the most agile mind imaginable," Brown said. "Physically he is tireless, and he has a remarkable wit and sense of humor."

POPE PLEASED

When the portrait was finished the Pope inspected it, Brown said, and cried "bravo, bravo." The Vatican photographer made a color picture of it for Brown which the Pope signed and stamped with his official seal. He also gave Brown his personal medal.

Brown has not yet disposed of the picture and its 18th century Venetian frame.

"I want it to hang in some Catholic institution," the artist said. "I think it would be only fitting."

An average of more than 10,400 new residents have settled in the 13-county San Francisco Bay region every month since 1950, the city's Chamber of Commerce reports.

Best Known Mother-In-Law In Nation Dies

By HAL BOYLE

NEW YORK (AP)—No great poet ever wrote an undying sonnet to his mother-in-law.

No sculptor ever made a famous statue of his mother-in-law. There is no immortal painting entitled "Mother-in-law."

So far as I know the U.S. post office, which has issued stamps honoring the Camp Fire Girls and the invention of the cotton gin, has never gotten around to putting out a stamp honoring mothers-in-law.

SINGULAR PERSONALITY

The nation lost its best-known mother-in-law this week. She was Elvira Doud of Denver, a remarkable lady of 82.

Mrs. Doud, a singular personality in her own right, escaped in life the obscurity that befalls most mothers-in-law because of a singular fact. Her daughter, Mamie, married a young West Point shavetail who became Dwight D. Eisenhower, President of the United States.

Yet even to be the mother-in-law of a president is no guarantee of permanent fame. Who has taken the trouble to write a book called "White House Mothers-in-law"?

SCHIZOPHRENIC ATTITUDE

Years ago someone started a National Mothers-in-Law Day, but it kind of fell flat. Today it is as unobserved by most people in the annual calendar of public events as National Electric Razor Week.

If the truth be told, society has a schizophrenic attitude here.

Society laughs at jokes—often in the poorest kind of taste—about mothers-in-law. It treats them with a ridicule which is sometimes good-natured and sometimes not. The mother-in-law is usually pictured by the cartoonist as bossy, domineering and an unwelcome guest.

PERFECT BABY SITTER

This same society, on the other hand, regards mothers with love and grandmothers with reverence. Yet what is the average mother-in-law? She is also someone's mother and, if fortune favors her prayers, in time the grandmother of many. She is three women in one—femininity's triple flower.

Many bridegrooms may have a kind of awesome fear of their mother-in-law at the beginning. But as the years go on they usually find she is a pretty fine person, sometimes indispensable in an emergency—such as when they need the perfect baby sitter.

Emergency Excuse Finishes Phone Call

BALTIMORE (AP)—One Baltimore woman insisted on reaching her husband when he was a patron of a tavern with an unlisted telephone number.

"I'm having a baby!" she screamed to the operator. "I've got to talk to my husband."

The emergency was honored. The call went through and the husband was called to the telephone.

Politics REPUBLICAN~DEMOCRAT

By ERNEST B. VACCARO

EN ROUTE WITH NIXON (AP)—Vice President Richard M. Nixon's campaign drive gathered impetus today from President Eisenhower's all-out blessings, a big boost in party war funds and a thundering Boston reception.

The cheers of tens of thousands who watched him drive through Boston streets still rang in his ears when the Republican presidential nominee spoke to more than 6,000 followers at a \$100-a-plate fund raising dinner at Commonwealth Armory Thursday night.

"This has been one of the greatest days of campaigning we've ever experienced," Nixon said.

"NOBODY DREAMED"

Using the crowd estimate of Lt. Col. John C. Blake of the state police, he added: "Nobody dreamed, I least of all, that we would come into the home state of our opponent and break the record and have a quarter of a million people on the streets."

Nixon watched and listened over closed-circuit television linking 36 party-raising dinners around the country while Eisenhower, speaking from Chicago, called his vice president a better man qualified for the presidency than any man he knows.

Those dinners were expected to provide somewhere between \$1.7 million to \$2 million to help finance Nixon's drive to defeat Sen. John F. Kennedy, Massachusetts Democrat, for the presidency.

LIT INTO KENNEDY

In the course of two speeches, one before, and one telecast to the diners around the nation, Nixon lit into Kennedy with some of the sharpest language he has used to date.

He said the record of Kennedy and Sen. Lyndon B. Johnson, his vice presidential running mate, in the short session of Congress, "was a monumental failure" and that "a monumental failure is no recommendation for leadership for the United States of America today."

He said Kennedy's campaign proposals "are wrong and out of step with what the American people think" and that the voters are going to "say 'no' to him on Nov. 8th."

Inflation Hits Pony Express Too

CHEYENNE, Wyo. (AP)—Inflation has hit the Pony Express, too.

Stamp collectors sending a special cachet on the recent Pony Express centennial rerun paid \$100 a half ounce.

One hundred years ago the postal rate on the original Pony Express was \$5 a half ounce. It was later lowered to \$1 as the telephone lines moved westward and offered more competition.

By VERN HAUGLAND

WASHINGTON (AP)—Gen. Nathan Farragut Twining, the nation's top military man for the past three years, retires today after a career he began 44 years ago as an infantry recruit.

"C HAS PLAN TO BROADEN ITS SCOPE

WASHINGTON (AP) — The International Finance Corp. today asked its 59 member nations for permission to broaden significantly the scope of its assistance to private enterprise in underdeveloped areas.

Robert L. Garner, IFC president, said the organization needs authority to invest in the capital stock of private firms if it is to carry out its purposes efficiently.

Final action on the proposal probably will be deferred for some months. For one thing, there would have to be advance approval by the U.S. Senate and the West German Parliament.

WOULD LIFT BAN

A ban on stock purchases by IFC was included in the charter of the four-year-old institution at the urging of former U.S. Secretary of the Treasury George M. Humphrey. He objected to a public institution owning stock in private business.

The present Treasury chief, Robert B. Anderson, favors lifting the ban.

IFC has a \$100-million revolving fund which it uses to invest in private firms abroad, later selling its holdings to private interests.

As things now stand, IFC makes loans and often obtains options to buy stock or rights to share in profits. However, IFC said options and rights are virtually unknown in many underdeveloped countries.

2 ATHLETES TESTIFY TO BRIBE TRY

PITTSBURGH (AP) — Two Pitt basketball players have testified that a dentist tried to get them to shave points in Pitt games with offers of money and other lures.

The testimony was given Wednesday by John Fridley and Dick Falenski, both 21, in the nonjury trial of Dr. Edward H. Sebastian, 35, of suburban McKees Rocks. Sebastian, a Pitt dental instructor, now on leave of absence, is being tried on charges of bribery.

Fridley testified that he rode around Pittsburgh in a car with Sebastian during one of their first meetings last December.

"JUST LISTENED"

"He talked about athletes getting extra money," Fridley said. "He didn't actually say 'Will you shave points?' After talking all about it he said 'Do you think you could do it?' At that point I got leery. I knew what he was driving at. I just listened and didn't commit myself."

Fridley, who averaged 12.25 points a game last year, said Sebastian talked with him several times.

SUBSTANTIAL OFFER

He said Sebastian finally offered him 50 per cent of the winnings on fixed games, a new car at half price, a \$1,000 diamond ring for \$400 and a guarantee that he would be admitted to Pitt dental school.

Fridley said the dentist asked him to contact Falenski about the proposal. He said he and Falenski later told Sebastian they weren't interested.

Falenski said he and his father told basketball coach Bob Timmons about the offer. Timmons informed school officials and they notified the district attorney's office.

The consistory will meet in the parsonage of Emmanuel United Church of Christ on October 4 at 8 p.m. The Aid Society will meet at the same time in the parish house. A food and plant auction will be held. The executive board of the Women's Guild will meet at the parsonage on Monday, October 3, at 7:45 p.m.

Cafeteria service at Taneytown High School will begin October 17, according to an announcement by the high school.

Betty Wolfe was elected president of the Taneytown Girls 4-H Club at its last meeting held in Memorial Park in the form of a cookout dinner. Other officers elected were Carole Koons, vice president; Betty Stonesifer, secretary; Nancy Stine, assistant secretary, and Audrey Wilhide, treasurer.

It was announced that county 4-H Achievement Night will be held on November 10 at the Carroll County Ag Center near Westminster. Club programs were handed out and the members selected the months they would like to demonstrate a phase of the projects.

After the dinner, which was served by Mrs. Stonesifer and Mrs. Wilhide, Nancy Stine and Peggy Fleagle gave a demonstration on how to fill a cleaning box. Miss Helen Twining, associate home demonstration agent, then gave a brief talk about planning club programs.

Protests Manner Of His Execution

TOKYO (AP)—Death row convict Kesatoshi Matsushita, 29, claims the government is going to hang him in an illegal manner.

Matsushita, convicted of slaying a family of four, contends under an 1873 decree that all executions must be by hanging from the ceiling. Wednesday he challenged in Tokyo District Court the present method of dropping the condemned man into an underground chamber "with his neck tied to a rope."

The court rejected Matsushita's claim. His lawyer said he will appeal.

SERIES WILL ALTER DATES FOR JOHNSON

HARRISBURG (AP) — Democratic Gov. David Lawrence of Pennsylvania has been hoping for a World Series in Pittsburgh for the last 30 years and now that the Pirates are in, politics will have to take a back seat for a few days.

Lawrence's plans to be in Pittsburgh for the opener against New York Oct. 5 apparently resulted in Sen. Lyndon B. Johnson, the Democratic vice presidential candidate, calling off an election campaign tour of Pennsylvania for that day, unofficial sources on Capitol Hill hinted broadly Wednesday.

"I'LL BE THERE"

When asked for comment, Lawrence, former mayor of Pittsburgh, said: "Naturally I think Lyndon wanted me to campaign with him. This thing (the World Series) came up and, of course, I'll be there. It's something I've dreamed of for over 30 years. He (Johnson) is coming into Pennsylvania again (Oct. 18) when I can campaign with him."

Johnson's Oct. 5 itinerary included appearances at Williamsport, Lewisburg, Sunbury, Shamokin and Allentown.

Urges Pioneer Research In Educational Problems

By RICHARD L. GRAVES

HARRISBURG (AP) — A state education official today urged the Commonwealth to pioneer development of a continuing research agency to study school problems. "We need a well-organized, a well-financed continuing research program," declared Dr. Robert A. Christie, executive director of Gov. Lawrence's Committee on Education, in an interview.

"Presently, no state has anything like this," said Christie. "It would be comparable to the research and development organizations operated by industry."

Christie said the proposal is his own and did not necessarily reflect the opinions of the governor's committee.

The Department of Public Instruction presently has a Bureau of Research, but its job is principally the collection of statistics from the state's more than 2,000 school districts.

Christie made a similar proposal to the State Council of Education at its monthly meeting Wednesday.

ENTHUSIASTIC BACKING

The proposal had the enthusiastic backing of Dr. Charles H. Boehm, superintendent of public instruction. Boehm said his department had great difficulty in acquiring information to solve school problems.

Christie indicated that any permanent research agency would be to make continuing studies of the problems examined by the governor's group.

"In such a way we could get far more service and information for the tax dollar than we can get with a one-shot, short-term study such as we have just completed," said Christie.

PROTEST 2-DAY VOTE PROBE IN NEW ORLEANS

By DAVID ZINMAN

NEW ORLEANS (AP) — A strong wave of protest from state and parish officials surged through Louisiana Thursday in the wake of the U.S. Civil Rights Commission's two-day hearing on voter discrimination.

"In my opinion, this hearing is nothing but a national publicity stunt," State Atty. Gen. Jack Gremlion told newsmen. "We have investigated these stories and found no merit."

The six-member commission, a fact-finding body that reports to Congress and the President, said Louisiana Negroes from 17 parishes filed more than 150 complaints of vote denials. The vast majority came from rural northern parishes.

"ANCIENT HISTORY"

"None of these people have ever complained to any state official," said Gremlion, an observer at the hearing. "All this testimony is ancient history."

Most of the 35 Negroes testified the wide latitude given parish registrars in applying voter qualification tests has helped hold Negro registration down to 28 per cent. Eighty-two per cent of eligible white voters are registered, the commission said.

Negroes also testified threats of violence have been made to keep Negroes from the polls. In St. Helena Parish, segregated voting machines "create an opportunity for votes to be shored aside and not counted," one Negro witness testified.

The commission Wednesday invited registrars to present rebuttal testimony. But Gremlion told the commission it was "physically impossible" to get registrars from distant northern parishes to New Orleans on such short notice.

The POWER of FAITH by Howard Brodie

Labor has been honored by men of faith:

Christ honored labor as a carpenter, and said, "the laborer is worthy of his hire." An ancient Benedictine motto reads, "Who labors, prays." St. Bernard said, "Who prays and works lifts up to God his heart with his hands."

Creative men have related labor to faith:

"Even in the meanest sorts of labor, the whole soul of a man is composed into a kind of real harmony . . ." wrote Carlyle. "Ah, little reck the laborer, how near his work is holding him to God," said Whitman. "Thou, O God," declared Leonardo da Vinci, "dost sell unto us all good things at the price of labor."

Wants Gas Tax Spent On Roads

HARRISBURG (AP) — An oil industry spokesman has called on the federal government to spend more of its automotive tax revenues on interstate highway construction.

Only 57 cents of every dollar taken in from such taxes is spent on highways, D. P. Clark said Wednesday. The rest goes for non-highway expenditures, he added.

Clark, chairman of the Associated Petroleum Industries of Pennsylvania, spoke at a meeting of highway user organizations. The meeting was held to focus attention on a one-week campaign starting Saturday to have motorists sign petitions against extension of the temporary fourth cent of the federal gasoline tax. The levy is due to expire next June 30.

LIGHT RAYS ARE USED IN MEASUREMENT

WASHINGTON (AP)—Using reflected light rays, government scientists reported today they have measured 50-mile distances to an accuracy within "the width of a toothpick" per mile.

The work was done by the U.S. Coast and Geodetic Survey in locating a network of nine missile-tracking camera stations over an area of 4,000 square miles around Cape Canaveral, Fla., where the missiles are launched.

The cameras are designed to take pictures of missiles and flares shot from Canaveral against a background of stars.

The more accurately scientists know the exact locations of the camera stations, the better they can compute the position and trajectory of a missile just after its launching.

The Commerce Department announcement said the distances of the cameras from Cape Canaveral ranging from 40 to 50 miles, are known to within two-tenths of a foot, or the width of a toothpick per mile.

Also, starting Saturday, Allegheny will increase its flights at Philadelphia from 19 to 26 and add twice daily flights to Johnstown and Altoona, Pa., from here.

LEMNITZER TO TAKE OVER IN TWINING POST

WASHINGTON (AP)—Gen. Lyman L. Lemnitzer, a studious one-time artilleryman who qualified as a paratrooper at the age of 51, takes over today as the nation's top military officer.

Lemnitzer, 61, is stepping up after a 14-month stint as Army chief of staff to become chairman of the Joint Chiefs of Staff. He succeeds Air Force Gen. Nathan F. Twining.

Leaders of the various military services arranged to attend a Pentagon ceremony today for the swearing-in of Lemnitzer. His successor as Army chief of staff, Gen. George H. Decker, was to be sworn in a few minutes later.

Associates and subordinates who are asked to evaluate Lemnitzer mention traits such as: a first rate diplomat... a brilliant mind... an expert planner... a stickler for top organizational work by his staff... a man of moderation... tremendous dignity.

Lemnitzer also rates high with brother officers in the other services—a factor that can be of great value during any outbreaks of interservice rivalry.

Lemnitzer left his hometown of Honesdale, Pa., to enter the military academy in 1918. He was graduated 86th out of 271 in the West Point class of 1920.

One of the food specialties of Belgium is "frites d'anguilles et anguilles au vert"—fried eels, and eels with shredded herbs, oil and vinegar.

TERRORISM UNDER "K" IS DESCRIBED

"Kill, kill, kill," was their strategy. Apollon Trembow, Orntanna, told the Cashtown Community Lions Club Tuesday evening at their dinner meeting in the Cashtown Community Hall. He addressed the Lions on his personal experiences under the regime of Nikita Khrushchev in his native Ukraine, saying: "A terroristic system against the people underlies both Nazism and communism."

Trembow, as well as his family, is now a naturalized citizen of the United States. He came here in 1949.

He lived in the Ukraine from 1913 till 1943, when he fled from Russia with his family to a camp for displaced persons. From 1942 to 1943 he served as editor of a newspaper in the Ukrainian community of Vinnitsa. During this latter year, Trembow took part in the discovery of mass graves in that section which had been made for the "almost countless people murdered by Khrushchev. Thirty-nine graves were first uncovered, containing 5,644 bodies; later 14 more graves were found, holding 1,390 more bodies; by the termination of these activities, 9,439 bodies were found. These were all murdered by Communists. From their disappearance until the grisly discovery, families thought they had been sent to Siberia."

When questioned as to why Trembow himself had not been a victim, he replied that he believed that only his youth saved him. He was only 19 and so escaped the fate of the thousands he feared.

In September, 1959, Trembow revealed this information in the United States to the Committee on Un-American Activities of the House of Representatives, 86th Congress.

After the Germans entered Russia, Trembow fled but was captured and held captive in a concentration camp until 1942 by Fascist troops. While in this camp, he went without food for sometimes three days and nights, and his weight dropped to 135 pounds. Today he weighs 202 pounds.

In 1955, Mr. Trembow published his book, "The Black Deeds Of The Kremlin," and since has been working to alert the American people to the dangers inherent in the Communist system.

To heighten interest in his talk, Trembow showed slides and documents from his experiences showing the horrors and brutalities suffered by the victims, including his own father-in-law. Concluding his address, Trembow said he wanted to say "thank you for our wonderful adopted country. We pray it will continue strong and free from communism. God bless America."

During the Lions' business meeting, plaques for outstanding service during the 1960 fund drive for the Black Walnut District of the Boy Scouts were presented to Glenn Musselman Jr. and Arthur Wetzel, chairmen of the Cashtown and Orntanna areas respectively, by Jack Orner, general area finance chairman.

Evidence Of Khrushchev's Crimes

This photograph was taken in June, 1943, at Vinnitsa, Ukraine. Apollon Trembow is the third person from the right. Here he is reading to the people an NKVD search report found on one of the victims. He was a member of the Ukrainian Commission to investigate the Vinnitsa killings. In 1943 at his home town Vinnitsa were discovered 9,439 bodies in 95 mass graves. All the people were killed without reason by Stalin and Khrushchev from 1937 to 1939, Trembow told Cashtown Lions in a talk Tuesday.

Stengel Uses Day Off To Hear Spies

NEW YORK (AP)—All Casey Stengel knows about the Pittsburgh Pirates is what he reads in the papers, but the papers in this case are very special papers. They are the voluminous notes provided by the New York Yankee scouts and spies, and other informants, on the strength and weaknesses of the National League champions the New Yorkers meet in the World Series starting next Wednesday in Pittsburgh.

The Yankee manager took occasion Thursday, an off day, to assemble his board of spies.

What Stengel learned is his secret, just as he alone knows who will pitch the first Series game.

Petroglyphs (or carvings) done by a people unknown to archeologists can be found in Washington State Park in Missouri.
